

## Product description

# VA - Adapter ring for valve actuator

## Adapter rings for valve actuator assembly

### Refers to valve actuators:

- A40405 (Formerly A4004)
- A41405 (A4104)
- APR 40405 (AA5004)

Here is a list of adapter rings for valves in normal use. VA32, VA54, VA78 and VA80 can normally be ordered from stock at Lindinvent.

Article:	Mount:	Valve make:	Colour:	Picture:
VA32	M28 x 1.5	Tour & Andersson (formerly TA Hydraulics), also suitable for older brass distributors from WIRSBO.	Green	
VA54	M28 x 1.5	MMA	Blue	
VA78	Flange	Danfoss RA	White	
VA80	M30 x 1.5	Standard for TA hydraulics after 1999, Heimeier, Watts, Roth Scandinavia. Note – TA has valves with a hose length greater than 4 mm, which means that in some cases an actuator with 6.5 mm stroke length should be used.	Grey-white	
<b>Available but normally not in stock at Lindinvent:</b>				
VA10	M30 x 1.5	TA TBV-CM, TBV-CMP (TA HYDRONICS), Siemens Note – this valve was previously recommended with VA80. (VA80 and VA10 are almost identical)	Grey	
VA02	M30 x 1.5	Velta/Uponor plastic distributor Note – this is a valve with INTERNAL THREAD.	Grey-black	
VA16	M28 x 1.5	HERZ Note – all Herz valves have a heart on the side.	Red	
VA26	Flange	LK, Giacomini.	Grey-black	
VA50	M30 x 1.5	Honeywell & Braukmann (standard, but there are others for special valves), Siemens VDN 215 (“Normal radiator valve with union, both straight and angled”).	Black
